A QUARTERLY WINE DELIVERY SERVICE SHOWCASING THE BEST IN VINTAGE AND LIBRARY WINES FROM SOME OF THE WORLD'S TOP WINE PRODUCERS.

Mount Etna

THE WINERY

Our next Reserve box features three wines from the dramatic northern slope of Mount Etna in Sicily. Tenuta delle Terre Nere is a family run winery working exclusively from the volcanic soil of Etna, with 55 hectares of grapes divided into 24 parcels and categorized through their special “Cru” system aimed at showing the unique variations in terroir in the extreme growing conditions of the volcanic slope. Terre Nere’s commitment to excellence and uncompromising growing and winemaking methods have become legendary over their 30 years of output, making them leaders in the area, both in accolades and awards, as well as sustainable growing practices and agricultural methods. While the family grows many different varietals, their top level wines are all based on the Nerello grape, the red most suitable for growth in volcanic soil and one of the top wines of

Sicily. Beyond being incredible expressions of some of the most unique soil in the world, these are also wonderful food wines, and we are packaging them with a fantastic package of Sicilian ingredients sourced by Chef Roberto Marotta from Ardo, Toronto’s greatest culinary link to Sicily.

THE FOOD

We have been big admirers of what Robert is doing at Ardo, and have asked him to source an excellent selection of Sicilian ingredients to accompany these wines. In addition, there is an in house dinner prize to this package! Chef Roberto and Charlie will randomly deliver a whole porchetta, with all the trimmings and wines to one lucky person who is part of this Reserve edition! The love of food and family are intertwined and inseparable for Roberto Marotta. From an early age, he watched his mother and

grandmother prepare meals. He helped his Grandfather make sausages; his grandmother, her cannoli. He’d walk with his father to choose seafood from the fishing boats. And, with his mother he’d go to the markets for fruit and vegetables. Roberto’s childhood was an ‘apprenticeship’ for a restaurant founded on these principles: Use only the finest ingredients and know well who provides them.

Featured Wines

We have put together a six (6) bottle package with two bottles of each of their three top level wines. All are vinified in extremely similar ways, from exactly the same blend of grapes (98% Nerello Mascalese, 2% Nerello Cappuccio). This is a perfect way to illustrate the differences in terroir from their top level vineyards.

TWO BOTTLES OF ETNA ROSSO DOC SANTO SPIRITO 2017

From the most fertile of the Etna soils, the Santo Spirito comes from rich, volcanic ash filled soil 650 meters up, planted with 40 to 100 year old vines. The most floral and immediately complex of the wines, this is the wine to drink slowly on its own or with a selection of cheese.

TWO BOTTLES OF ETNA ROSSO DOC CALDERARA SOTTANA 2016

From the “Cauldron” of black pomace filled vineyard 600 meters up the slope, this wine comes from 50 -100 year old vines and is characterized by a beautiful spice and floral bouquet and most notable a distinctively soft and creamy texture.

TWO BOTTLES OF ETNA ROSSO DOC SAN LORENZO 2016

From 750 meters up, this is the most visually dramatic vineyard, filled with fine black volcanic sand. This wine is the most fruit forward with the most delicate tannins, a wonderful and surprising food wine, perfect with lighter pastas and meat dishes.

(Wine Spectator rated the 2016 San Lorenzo as the 9th best wine in the world in 2018.)
